MiningTech Conference & Exhibition

EXPLORE

DISCOVER THE REAL EXAMPLES OF TECHNOLOGY SOLUTIONS, SOFTWARE & MACHINERY FOR THE CURRENT AND FUTURE NEEDS OF MINING INDUSTRY IN NORTH AMERICA

MiningTech North America is your gateway to digital transformation of mining and a must-attend meeting place for tech community connecting mining companies with innovative technology, investors, software, equipment and service providers via personalised networking platform, 1-2-1 meetings and social events.

We have established MiningTech as premier international forum to discuss recent **innovations & developments in IoT, automation, robotics, digital journey and control systems** applied in **exploration, mineral processing, underground mining, surface mining, hydrometallurgy, mining waste, tailings, supply chain, logistics, security, maintenance and people/talent management**.

Join us and learn how to successfully implement those technologies into your projects and build the future of mining industry in Canada and beyond.

MiningTech North America is held in hybrid format and for those you can't meet us in Vancouver, we are providing **virtual interactive exhibition & conference hall** that stays live for 31 days, 24/7 to **boost attendance and engagement for new product launches, video presentations & live content**.

We'll be broadcasting presentations and live interactive sessions with Q&A from leading mining and technology industry experts. Join us in person or online and watch the sessions on-demand.

EMBRACING IT & CLEAN TECHNOLOGY INNOVATIONS IN NORTH AMERICAN MINING TOWARDS SUSTAINABILITY

MiningTech North America Conference and Exhibition brings together the most influential & innovative minds to establish itself as the premier mining technology & software showcase platform in the region. Our inspirational keynotes and pioneer speakers provide latest industry knowledge and tips to harness the fast-changing global IT & technology developments.

The latest technology trends in mining indicate a compelling industry shift towards sustainability. Our interactive programme covers digital technologies that work harder than ever to deliver a truly modern, safe, and productive mine that addresses the increased demand for mined materials, while at the same time exceeding customer expectations and global sustainability initiatives.

It is the ideal meeting platform for mining companies CXOs, technology leaders, investors & other industry experts.

Do you want to speak alongside these industry leaders?

NETWORKING

NETWORKING MEALS AND EVENING DRINKS RECEPTION

We all have our pet topics and interests and some of us prefer sharing what we know with others in a small group settings.

Roundtable discussions, with country, commodity or other mining specific topics, presents a perfect platform for more cosy intellectual discussions. Moreover, conversations with other like-minded individuals provides a great opportunity to exchange viewpoints and foster new business contacts.

1-2-1 MEETINGS

Food and drinks always make excellent conversation starters. Hence MiningTech Conferences devotes substantial time to create the perfect environment for relaxed, casual networking meals and drinks.

With no set time limit on how long each meeting should last, attendee can freely mingle and discover new opportunities and contacts. We will also be on site to matchmake attendees based on their common business profiles or objectives.

ROUNDTABLE DISCUSSIONS

Undivided one to one attention is a tried and tested networking method too. They can be a great platform to have confidential, direct and targeted conversations. MiningTech Conferences, with the help of the virtual business matching tool or on site staff introductions, facilitate such networking opportunities.
